*"Out beyond ideas of wrongdoing and rightdoing there is a field. I'll meet you there.
When the soul lies down in that grass, the world is too full to talk about."*

~~Rumi

The ancient practice of Council, sitting in a circle, speaking and listening from the heart, can enrich any relationship—at home, in the workplace, and in community. Council is widely used in public and private schools, prisons, social justice organizations and communities around the world. The workshop is designed to cultivate and support ways to enrich the relationships in your life, both personal and professional, by fostering attentive listening, spontaneity, authentic expression and inspired cooperation. Together we will explore open, heartfelt expression and attentive listening—gateways to deeper communication, intercultural understanding and the nonviolent resolution of conflict.

Council is simple, nothing special, no script to learn, not another technique to master, rather it is a way of re-mem-bering, a putting together again our fragmented selves, relationships and communities. Above all it is the experience of the Circle with the Empty Center which draws us, like the moth to the flame, to journey together into the mystery of our Being. We invite you to join us for a memorable day of Council.
